OBJECTIVE

Dynamic and results-driven Senior Technical Recruiter with a proven track record of success in US and Canadian recruitment. Proficient in utilizing Applicant Tracking Systems (ATS) such as Job Diva and leveraging job portals including Dice, CareerBuilder, Monster, and LinkedIn (RPS) to identify and engage top-tier technical talent. Skilled in managing the full recruitment lifecycle for W2, C2C employment models, including a comprehensive understanding of T4 and Incorp requirements. Adept in effectively sourcing, screening, and qualifying candidates to fulfil critical client needs. Demonstrated ability to build robust talent pipelines, foster strategic partnerships, and deliver high-impact recruitment solutions. Proficient in utilizing Microsoft Office applications to streamline processes and enhance operational efficiency.

WORK EXPERIENCE

Senior Technical Recruiter **July 2021 – Present**

eTeam Info-services

- Conducted full-cycle recruitment for technical and non-technical positions in the **US and Canada.**
- Collaborated with major clients including **Pinterest, Okta, DTCC, Solidigm, Salesforce, Logitech, and RCCL**, fulfilling critical staffing needs for IT, engineering, and functional roles across global markets.
- Successfully sourced and placed candidates for large-scale projects at **Equinix, Avanade, Zillow, and Southern California Edison**, delivering top-tier talent aligned with client specifications.
- Sourced and screened candidates through various channels, including **ATS like Job Diva and job portals like Dice, CareerBuilder, Monster, Indeed, and LinkedIn (RPS).**
- Built and maintained an extensive talent pipeline of candidates with diverse technical skill sets.
- Coordinated and scheduled interviews between candidates and hiring managers, ensuring a positive candidate experience.
- Negotiated offers and managed the closing and onboarding process for selected candidates.
- Stayed updated with industry trends and changes in legislation and regulations pertaining to recruitment in the US and Canada.
- Created and posted compelling job descriptions on various platforms to attract qualified candidates.
- Built and maintained strong relationships with hiring managers and candidates.
- Monitored and maintained accurate and up-to-date candidate records in the ATS.
- Experience working on various recruitment processes including W2, C2C, Incorp and T4.
- Engaged in proactive and strategic sourcing methods to identify passive candidates.
- Managed vendor relationships and worked with **VMS like Prowand/Magnit, Fieldglass, Workday (VNDLY), Econometrix, IQN, and Beeline.**
- Analyzed and reported on recruitment metrics and key performance indicators to measure success.
- Conducted salary negotiations and communicated with candidates regarding compensation and benefits.
- Provided regular updates to hiring managers on the status of open positions and candidate pipelines.
- Utilized Microsoft Office applications for documentation, reporting, and communication.
- Communicated effectively with candidates and hiring managers to ensure a clear understanding of expectations and needs.
- Provided guidance and mentorship to junior members of the recruitment team.

Senior Technical Recruiter **January 2016 – December 2020**

SwaBz Info Systems Inc.

- Work with hiring managers to define job requirements, outline job postings, and develop new sourcing strategies for Contract, Contract to hire, and permanent positions.
- Conduct phone interviews, qualify resumes, and evaluate candidates to submit the most qualified IT professional for the client's requirements.

- Collaborate with third-party recruiting companies to source candidates from diverse pools of job seekers.
- Determine candidate eligibility based upon **H1B, GC and CITIZEN, etc. legal status**
- Identify and engage qualified Canadian citizens and Permanent Residents for technical roles through T4 and Incorp platforms, ensuring compliance with immigration and employment regulations while effectively matching candidate skills with organizational needs.
- Negotiate employment offers to achieve the target gross margin for the organization.
- Continuously manage the recruiter database for daily activity pipeline management and forecasting data.
- Expertise in using job portals such **as LinkedIn, Monster, IT Contract, Techfetch, Indeed, and Dice.**
- Closing skills and the ability to build lasting relationships built on honesty and integrity.
- Researching third-party databases and lists.
- Pre-screening candidates for their skills, availability, monetary requirements, skills, and experience.
- Getting updated resumes from the candidates.
- Candidate and client sourcing through referrals, personal contacts, recruiting, occasional cold calling, the Internet, and other means.
- Involved in end-to-end recruitment life cycle for contract, contract-to-hire, and direct hire positions for key clients.
- Pre-screened, reviewed, and evaluated active and passive candidates that match the skills, knowledge, and experience required by the clients, ensuring that the requirements of both clients and candidates are met.
- Maintained a respectable relationship with clients and customers as well as co-workers.
- Gained knowledge on Canadian work culture, staffing industry, and Business Development.
- Learned about Canadian work policies.
- Quickly develop a thoroughly researched and complete slate of best-fit candidates for the position.
